WELCOME TO PENRITH The Adventure Capital

Thank you for considering Penrith for your next event.

With world-class venues, access to public transport and the majestic Blue Mountains as our backdrop it's easy to see why Penrith has become a popular choice for music, sport, culture and community events.

Last year, Penrith hosted hundreds of events and welcomed 1.3 million visitors to the city. These figures continue to grow each year as events grow in size and more organisations discover Penrith is a great place to hold an event.

We're proud of the reputation we have developed for being a leader in hosting and organising events and will continue to look for ways to make the process of holding events here as easy as possible. That's one of the reasons we have developed this Events Prospectus.

This prospectus gives an overview of Penrith and outlines the venues, facilities and services available here. If you have any questions or would like more information, please call Council's Event Development Officer on 02 4732 8060.

We look forward to working with you.

Hope to see you here soon.

PENRITH CITY COUNCIL

Support we provide: Events are important to Penrith Council for many reasons. They attract visitors, inject money into the local economy and help make Penrith a vibrant, bustling and thriving City.

We value the positive impact events have, so we are working hard to bring new events to Penrith, encourage events to return to Penrith and make the process of holding an event in Penrith as easy as possible.

Council can provide support in a number of ways; by providing sponsorship, promoting the event to media and the local community and liaising with key contacts and departments within Council who can help with event logistics.

We have a full time Event Development Officer to bring new events to the city, manage the Event Sponsorship Program and assist with the event application process. If you have any questions about holding an event in Penrith, please call us on 02 4732 8060.
