Ocuncil invites residents to have their say on the Draft Rickabys Creek Catchment Flood Study, which is now on public exhibition until Thursday 14 August 2025. This study covers parts of Agnes Banks, Londonderry, Castlereagh, the western side of Berkshire Park, the northern side of Cranebrook and a small part of Llandilo. It aims to improve understanding of local overland flood behaviour, including how it interacts with flooding from the Nepean River, and to support future flood risk management across the catchment
